WORK EXPERIENCE

Software Engineer II

Tin Roof Software Inc.

Consultant at NCR
Atlanta, GA
2019 - 2020

- Member of the Point of Sale team building the UI on tablet hardware used in millions of stores worldwide.
- Built pagination features for large scale products from ground up.
- Used react/redux/hooks along with styled components to make UX quick and streamlined for clients.
- Debugged and migrated legacy codebase from classes to purely functional components (hooks).
- Conducted thorough unit testing using Jest before Peer review.
- Reviewed pull requests and provided meaningful feedback.

Software Engineer

Syntel

Consultant at The Home Depot
Atlanta, GA
2017 - 2019

- Member of the CloudFoundry, Developer Enablement, and Supply Chain teams.
- Developed Enterprise React/Express/Node/GCP web apps along with puppeteer/cypress testing for use by internal warehouse associates.
- Migrated monolith Angular.js application to Angular 4.
- Wrote automation scripts for internal user management.
- Responsible for the cloudfoundryadmin inbox, implementing change requests promptly.
- Received Pivotal Cloud Foundry Operator/Developer certification.

Network Engineer

Atlas technology Solutions

Global (90% travel)
2014 - 2017

- Managed and completed 8 long-term projects before target deadline.
- Installed/Commissioned/Upgraded layer 3 network fiberoptic equipment.
- Certified with Cisco, Verizon, Ciena, WindStream, and AT&T.
